Introduction

The University of Potsdam offers an ever-increasing number of courses taught in English at both undergraduate (Bachelor) and postgraduate (Master) level. In this international course catalog you will find only courses taught in English at undergraduate level (Bachelor). For courses at postgraduate level (Master), please check the International Course Catalog for postgraduate students

https://puls.uni-potsdam.de/QIS/VVZ/20241/ICC_20241_M.pdf

This catalog of courses taught in English has been compiled for international program and exchange students. If you are studying at the University of Potsdam as a degree-seeking student, please refer to the study regulation (Studienordnung) or the respective study program on the university's website. Along with the university course catalog (Vorlesungsverzeichnis), the international course catalog is published ahead of the respective semester (winter semester: mid-September / summer semester: mid-March).
This course catalog is structured according to the faculty structure of the University of Potsdam. Please note that the terms used for the structural subdivisions differ from faculty to faculty. Hence, with regard to the individual faculty, the courses are listed under the faculty's subdivisions called "departments", "institutes", or "academic fields", respectively.
Courses at Department of English and American Studies are reserved primarily for students of English and American Studies or Cultural Studies.
In addition to the courses offered by the faculties, you can also find the list of courses offered by the Center of Language and Key Competences (Zessko), which are mostly English language courses. Language courses are generally open to exchange students within the available capacity and the admission is considered on an individual basis.
Please note that only those faculties and subdivisions are listed in the international course catalog that actually offer courses taught in English. As the number of ECTS (LP) granted in a particular course can vary depending on the quantity of work invested and on the student's status (undergraduate / postgraduate, degree-seeking / non-degree-seeking), this course catalog does not contain any indications of ECTS.
Some courses are only open to exchange students at the undergraduate level only in certain cases, so we always recommend discussing the choice of courses with your respective departmental exchange coordinator. Please contact your departmental exchange coordinator when you have questions about:

- ECTS
- course content
- signing your Learning Agreements
- compiling your course schedule

If you have not already received information of your respective departmental exchange coordinator, you can find more information via the following website by choosing the faculty you are going to study at:
